LICK-WILMERDING

1990

The Lick-Wilmerding Class of 1990 is an exceptional class. You have, both individually and collectively, inspired all of us within the Lick community. You have enriched our lives, and we thank you for your enthusiasm, your high standards, your diligence, your selflessness and your generosity of spirit. As much as any class, you have achieved — you have produced — at an impressively high level. We, of course, wish for and expect continued success as you go forward to new challenges and adventures.

Thinking back on our December conversations about stress and the modern American penchant for living split-screen lives, I just as urgently wish you a sense of balance and proportion as you travel life's highways. As Ellen Goodman said, you are capable of making choices, but you are not capable of making time. So I wish you not only achievement and productivity, but also health, joy, enriching relationships and a genuine reverence for the natural world which you inhabit and the time which you will be allotted to appreciate it.

On Inhabiting an Orange

All our roads go nowhere.
Maps are curled
To keep the pavement definitely
On the world.

All our footsteps, set to make
Metric advance,
Lapse into arcs in deference
To circumstance.

All our journeys nearing Space
Skirt it with care,
Shying at the distances
Present in air.

Blithely travel-stained and worn,
Erect and sure,
All our travelers go forth,
Making down the roads of Earth
Endless detour.

- Josephine Miles

Active Peace

"Good God, how much reverence can you have for a Supreme Being who finds it necessary to include such phenomena as phlegm and tooth decay in His divine system of creation? What in the world was running through that warped, evil scatological mind of His when He robbed old people of their bowel movements? Why in the world did He ever create pain?"

CRISTINA

Packing up the dreams God planted
In the fertile soil of you
I can't believe the hope He granted
Means a chapter in your life is through

But we'll keep you close as always
It won't even seem you've gone
Cause our hearts in big and small ways
Will keep the love that keeps us strong

Chorus

And friends are friends forever
If the Lord's the Lord of them
And a friend will not say "never"
Cause the welcome will not end
Though it's hard to let you go
In the Father's hand we know
That a lifetime's not too long to live as friends

With the faith and love God's given
Springing from the hope we know
We will pray the joy we live in
Is the strength that now you show

But we'll keep you close as always
It won't even seem you've gone
Cause our hearts in big and small ways
Will keep the love that keeps us strong

Chorus

Desolation Wilderness

*Dry air of familiarity
encompasses me as
Soft dust enters my lungs.
Grime clings to welcome
me back.*

*I lean against your
Sweet vanilla scent,
Drunk and swirling.
Arms wrap - nose in bark
I could stand all day
Your bumpy torso
Leaving imprints like puzzle pieces
On my cheek.*

THE NATURE BOY

To whom it may concern, I Ezra F. Denney, having been given permission to speak for Eric Schmidt, do hereby bid life at Lick a fond farewell. Together we have compiled several quotes that while, immensely funny to us, probably make little or no sense to you. We could really care less. Read on and pity us, for we know not what we do.

"Okay, her eyes are nice, but what about her magumbas "

-William Choy

" Show business is worse than dog eat dog, It's dog doesn't return other dog's phone call "

Goodbye to all my friends at home
 Goodbye to people I've trusted
 I've got to go out and make my way
 I might get rich,
 You know I might get busted.
 But my hearts keeps calling me backwards
 As I get on the 707.
 Friday Night I've got tears in my eyes
 You know you've got to go through hell before you
 get to heaven.
